

# Dairy cow breeds in the UK

The Holstein-Friesian breed, which is black and white, is the most common type of dairy cow and represents 90% of the British herd. There are many different types of dairy cow in the UK – here are five breeds:

Holstein-Friesian

Dairy short horn

Jersey

Guernsey

Ayrshire

**There are other breeds of dairy cow.**

Be a food investigator and find out the names of other dairy cow breeds!
